What is Lent any way?

"Lent," actually means "spring" in its Latin form. Lent is a season, a time, for renewal, planting, growth, new life.

Lent is God's time to renew our hearts, to keep our hearts on The One who has his heart on us! We grow anew in God's covenant of grace, unconditional love, calling us into this relationship of love and service through baptism.

Lent brings God's gifts of grace and mission into tension. With God's grace, God's heart renews us, saves us, transforms us, moves us, setting us apart in Christ alone!

Lent invites our hearts to spring up, to be spiritually renewed, to discover new life in God's heart; grace given to us in Christ alone!
