Welcome to worship.

God created all things: animals, birds, and every living thing including human beings like us. We are all created with great love and care. Even the smallest details of human life are in God's hands.

Trace your own hand in the space above. Draw in as much detail as possible. Our hands and our whole bodies are amazing creations from God.

Worship blessings

Each week we receive a blessing in worship. The pastor gives us a blessing from God when worship is ending. It is called the *benediction*.

Print or draw a blessing from God that begins with each letter of the word *benediction*. God's blessings are all around us.
